Old Business: Jaguar Communications

Larry Klante talked with Dana from Jaguar a couple of times and Jaguar was shooting still for Nov 1st. Larry didn't have any additional forms if CLAA members wanted to sign up. Scott Selkirk was going to check with Jaguar Communications and see when everything was going to be up and running.

Old Business: Ravine Erosions Project

Fred Wenthe is doing a 10 minute presentation to Tri-Lakes Sportsmen's Club on Oct 31, 2007. The CLAA is trying to get a \$3,000 grant from Tri-Lakes. Fred doesn't know if Tri-Lakes will give CLAA the grant otherwise put it in the budget for next year and we CLAA will have to come up with the other \$3,000. Fred suggested by getting other grants from other environmental organizations

New Business: Weed Control

Was discussed on the weed control on the lake, that if we CLAA members would cut our weeds at a certain time frame each year will help the lake as well. One of the CLAA board members has cut his weeds consistent for 5 years and they have hardly any weeds in the water besides his neighbors. Shawn Nugent has the weed cutters, it is a good thing for CLAA members to cut the weeds down every year but we do have to pick them up and throw them and not let them flow in the lake or just have the weeds along the shore line. The weeds seed can lie up to 5 years. This was going to be discussed as well with Randy Brandt who is the DNR.

Website:

We discussed that we need to have one director be responsible for updating the web site and Scott Selkirk has offered his services for that.

Mail:

Scott Selkirk was given the key for checking the mail on a weekly basis, so we can have things organized and have one person given that role.

New Business:

Keith Kluzak's conversation with Hugh Valiant

Presentation with Randy Bradt, DNR
