### Approval of December meeting minutes

Need minutes to review.

### Dam Elevation Survey Results - Keith

No update.

### Membership Directory - Keith

No update.

### Treasury Update - Keith

Treasure update passed out. No comments.

### Fountain Aerators - Mike

They do help keep the water moving.

Simply Fountains. (smaller units for landowners)

Solar Bee Inc.

Solar aerators would help with green algae. \$50k brand new.

Can leave these in the lake in the winter.

Consider inviting someone from Solar Bee to a meeting. Perhaps in the summer when he can look at the lake before coming to the meeting.

### **COLA Meeting information – Keith**

Larry handed out notes from Keith.

Someone should contact Joe Eisterhold in the Spring to see if he plans to analyze and test Circle Lake.

### **501 c 3 Update – Janelle**

No update.

### **Website Maintenance – Fred**

Fred would like to take over the website updates. The report from the Cyrus Trail project is now online.

### **Reminder – Lake Bottom Mapping special guest is invited to March meeting**

Need to let CLAA members know about this. Remind Keith about newsletter.

### **Fishing / Fisheries / Oxygen Level Report - Larry**

Larry handed out seining report for 2008.

Last seining that Larry knew about ahead of time was Dec 23 – 24. No one was available to haul the small rough fish away.

### **Call for any new business**

**-Fish Grates?**

### **Tri-Lakes meeting – Fred**

Most of their funding comes from pull tabs and bingo. (and they have a lot of funding)

Soil and water guy gave a presentation at the meeting.

2009 clean water act. There will be funding available for erosion control projects.

Government agencies can't apply. It has to be individuals and associations. Perhaps this would apply to the county 9 ditch project.

### **CRWP**

We received the surface water testing results and report from CRWP. Should discuss with Keith at next meeting.

### **Adjourn**
